Don't fail to register.

Support the white people's ticket.

Peace, harmony and good will to all.

All white men should register now.

Only a word. We have been working for six months to unite the white people on the question of good men for the constitutional convention and in giving their support to the call. Our efforts have been crowned with success. We tip our hats to our harmonious friends.

A little bit of Judge Lynch goes a very long way, but no man will deny that at times a resort to his methods is justified. The secessionist effect of the Pines is to fix the blame upon the law enforcement of the laws is almost too silly and absurd to notice. In no parish of the State are the laws more vigorously enforced than in Iberville. When once participated in the violation of law and aids and abets by his presence, should he not be stopped from misrepresentation?

There was a joint meeting of the Iberville parish democratic and republican executive committees yesterday at Plaquemine. The white men of the parish are earnestly in favor of a constitutional convention, if for no other purpose than to eliminate negro suffrage.

Yesterday's meeting was a perfectly harmonious one and resulted in the selection of Messrs. Louis Lozano and John Debleux as parish candidates to the constitutional convention. Mr. Louis Lozano is a staunch democrat and a leading lawyer. He is a man well qualified to meet his responsibilities in the convention. Mr. Debleux is a republican and is connected with the firm of A. Lovett & Co. in the shingle and saw mill business. With Hon. James A. Ware as a delegate at large, Iberville will have a strong delegation in the constitutional convention.—States.

IBERVILLE'S DELEGATES.

WE TAKE IT ALL BACK.

The parish democratic executive committee met at the court house Sunday last at 1 o'clock p.m.; resolved itself into a nominating body, and nominated for delegates to the constitutional convention Mr. Louis Lozano and Mr. John Debleux.

The republican (planters) parish executive committee met at the court house the same hour and nominated as their delegates to the constitutional convention Mr. John Debleux and Mr. Louis Lozano.

In plenary session the two committees sat on the same candidates agreed upon a platform. That platform is simple and plain and shows that all the white people of Iberville are a unit on the question of a limited and restricted suffrage.

The purest and best of motives were the basis of the arrangement made. We sincerely hoped that every white man who gave the ticket of the cordial support.

In the matter of framing a new organic law for Louisiana, politics should as far as possible be kept in the rear. Good, honest, competent and intelligent men, regardless of their political views, regardless of the kind we are in the important body to be assembled in February and the committees of this parish have selected two just such men to represent us.

Mr. Louis Lozano is a man of recognized ability and integrity and will reflect credit upon the people who will honor him with their votes.

Mr. Debleux is a business man and a man in whom the confidence of the people is safely deposited.

Both gentlemen stand on the same platform, working for the same end.

Every man who believes that the ignorant, vicious and venal elements should be eliminated from politics will support the ticket.

JUDGE LYNN.

The South regards exceedingly the unfortunate occurrence at St. Gabriel last Monday night.

In this parish the laws are rigorously enforced and misdeprivations are rare.

The views of the St. G. and Iberville delegations have had the evidence justified, it would have received their just due next month, and it is unfortunate that the law has not been permitted to take its course in this case.

The crime committed was a most atrocious one and was difficult to hold an infuriated populace back after the discovery of positive proof of the guilt of the suspects, still less to restrain the popular indignation, than a combination of political and social forces.

As for the action of the mob, the South would be at variance with truth, to say that the general public did not endorse it. Still this does not alter the case. Mob and lynch law are always bad.

The courts presided over by Judge Lynch have been a disgrace to the community in which they sit.

It is to be hoped that there will never again be an occurrence in Iberville to justify another appearance of him. While the awful, atrocious, cold-blooded and cowardly crime committed is a matter to be taken into consideration in criticizing the members of the extra judicial court, it is to be hoped that the community will be satisfied with this deal (being the same forces which always do the bidding of democracy), the same question.

The spectacle presented by this pretended opposition is one familiar to the public that the jobbers expect to fool even the most ignorant.

It must not be taken that the late love fest was altogether a vain and futile formality—these were considerations of party and could not end the bargain for a considerable sum.

It only requires a very superficial view at the whole face to size up the dead. Deans, Wimberly & Co., who have buried them, carry the bodies of the State. It is composed of a few men who have given Louisiana a new organic law which will assure peace and prosperity for years to come.

Every honest and intelligent voter, who desires a restricted suffrage, will vote the democratic ticket at large and Iberville's white ticket.

The planter republicans in South Louisiana are joining hands with the democrats in the fight for an intelligent suffrage.

The Sugar Belt Vindicator, owned and controlled by the following well known planters: L. A. Lovett, Capt. Z. P. M. Dugay, Capt. J. N. Pharr, M. Boweth, M. Hall, J. S. Birg, W. B. Kemp, J. W. Suthers, L. Richard, R. Parkerson, E. N. Corney, has repudiated the republican-populist ticket for delegates at large.

To show the general sentiment of respectable republicans, we reproduce the following leading editorial taken from the last issue of that standard republican paper:

"Now is the time for the people to shift positions on any public question, but since this task is before us we do not shrink from it. We are a nation of law-abiding citizens and the fact that we measured the popular leaders with a yard stick about two feet long.

In this magical whirl of the political world, the figures sometimes change so rapidly and at times so radically as to confound those who attempt to keep track of its vagaries. Perhaps the most remarkable of the changes is that which occurred in connection with the constitutional convention when such a complete change of face as the latest was made in the attitude of the popular leaders.

After the guilty of Thomas was discovered and the sheriff, fearing that his prisoners would be lynched, made some preparations to remove them to the jail at St. Gabriel.

Monday night, three negroes were whipt and one of the negroes was given strict orders to leave the parish at once.

The negroes were then released.
