**THE TIMES** is glad to know that the smallpox situation in Joplin is no worse, if, in fact, it is not proved. We all hope to know that quarantine conditions will be soon raised. No one wants a quarantine at any time unless it is absolutely needed to preserve the health of a community. We believe the quarantine of a week ago was timely and the **TIME'S** has no apology to offer for its action, which were merely to follow in the footstep of the local health board.

**RUN OUT OF TOWN.**

Yesterday afternoon the notorious crook, "K. C. Dan," came to Galena from Joplin, where he had just been released, after a week's time in jail. When the police found that he was with them they hunted him and gave him time to leave town. He returned to Joplin. If he returns to Galena, he will be placed in quarantine. This was told him, and it's hardly likely that he will come back.

Two Atchison church workers have had "words," and each refuses to take communion when the other is in church. The preacher has a bad job to do with his hands than the English-Boer affair.

Thousands of people who say they do not like music, do not know what they are talking about when they hear it. Good music is extremely rare in the west, where you find a piano or organ in every other house, and a brass band in every town.
